Dear Parent(s),

This letter is to inform you the district was notified today that an individual at Putman Elementary is considered a probable case for the COVID-19 virus (and will be treated as if they are a positive case).

The school district is collaborating closely with the local health department and following their recommended protocols to ensure the safety of our children and employees.

Please note... If you HAVE NOT been directly contacted by your child's building principal, then your child was NOT listed as being in contact with the infected individual through our "contact tracing" process. Therefore, no action needs to be taken on your part.

If you or your child has any of the following symptoms, please contact your medical provider.

- Temperature of 100 degrees Fahrenheit or higher
- Fever
- Chills
- Cough
- Shortness of breath
- Difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- Loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

Again, if you HAVE NOT been directly contacted by your child's building principal, no action needs to be taken on your part. We appreciate your understanding and patience.

If you have questions regarding the information in this letter, please contact my office.

Thank you,

Dean D. Lynch
