Hello Blanchester Intermediate School Parents and Guardians!

July 16, 2020

I'm thrilled to be joining the Blanchester community as principal of the Intermediate School! I've been busy working with the admin team to prepare a solid plan for the start of our 2020-2021 school year. Check our website for more details about our plan on Friday, July 17th.

With an upcoming 3rd and 6th grader, I understand the concerns about the return to school. Safety will be a top priority, for both my students and staff at Blanchester Intermediate. Providing high-quality academic experiences and building relationships are top of mind as well. I welcome the opportunity to meet you and learn about your vision for the Intermediate School!

Each new school year brings about a new round of expectations. You and your child may already be wondering about homework, lunchtime, recess, and friendships. How about I begin by sharing a few things you can expect from me?

First of all, I promise to do all I can to support, encourage, and care for your child throughout his/ her tenure at Blanchester Intermediate. Keeping students safe and making authentic connections with students will be a strong focus.

Making friends is so important for kids. With that comes resiliency. I can promise that I'll do my part at school to embed strategies for growing resilient kids.

I have high expectations for learning. I also have high expectations for myself in supporting my top-notch staff as they create learning opportunities for students. I want your child to have the opportunity to learn every day- and those opportunities will look different from one student to the other.

Lastly, I value you - the most important people in your child's life. Please don't hesitate to email or call me with concerns, updates, or questions. We're in this together! Your child's success is just as important to me as it is to you.

I anticipate that this school year could go a bit differently than we'd like. My children are very ready to go back to a traditional school setting and they're missing their friends. There aren't many easy answers right now, though I know we all want the best for our kids. Blips are bound to happen and I hope that we can offer each other grace often.

We're going to have a wonderful year together. Thank you for entrusting us with your child.

With appreciation,

Jen Molitor
