In an effort to better support children of military dependents, Ohio Department of Education created the Ohio Network for Military Families and Veterans. This network connects families of military members to online resource information and tools.

The Ohio Department of Education will partner with the Wright-Patterson Air Force Base and Ohio national Guard to connect with counselors, teacher, principals, superintendents and administrative staff to inform and educate schools on how to recognize challenges faced by military families and provide appropriate supports for Ohio's "military kids".

Districts will now report which students come from military families so that these students' academic growth can be monitored.
